

Madison County Public Health along with other agencies are facing unprecedented challenges with our response to the continuing COVID19 pandemic in Ohio. We are working hard to balance 1) our growing response efforts to COVID19, 2) essential public health services for the community, and 3) the safety of our workforce. In order to achieve this balance, we are making temporary changes to how we deliver our services.

Our regular business hours remain unchanged: Monday through Friday 8:30am to 4:30pm

Suspended Services

Car seat installations, car seat checks, lice checks, blood pressure checks, and all clinical pre-admission screenings.

Modified Services

Every person will be screened on the phone and in person for a fever, cough, or shortness of breath before receiving services. If you are sick, please stay home. Follow instructions once entering the building for social distancing. Keep your time spent in the building short.

WIC

- ≈ Benefit issuance, replenishment, certifications, and recertifications can be done in person – please call first 740-852-3068 to schedule a time.
- ≈ Phone consultations only for nutrition, breastfeeding, certifications, and recertifications.

Immunizations

- ≈ Limited immunizations (as determined by our nurses).
- ≈ Appointments only, no walk-ins.
- ≈ Only one person (parent/guardian) can come with a child for immunizations.
- ≈ If the patient is age 18 or older, only the patient may come to the appointment.

Sexual Health Services & Pregnancy Tests

- ≈ Appointments only, no walk-ins.
- ≈ Phone consultations are encouraged to avoid an in-person appointment if possible.
- ≈ If the patient is age 18 or older, only the patient may come to the appointment.

Modified Services (continued)

Every person will be screened on the phone and in person for a fever, cough, or shortness of breath before receiving services. If you are sick, please stay home. Follow instructions once entering the building for social distancing. Keep your time spent in the building short.
